

Diesel Engine Oil

SAE 40 API CF-4

* DESCRIPTION

Super DRIVE® series oils are high-quality monograde engine oils for heavy-duty service, primarily designed for use in diesel engines, commercial vehicles, and agricultural machinery. They are also suitable for construction equipment. Formulated with high-quality mineral base oils and a robust additive system, they deliver the performance required by internal combustion engines where an API CF-4 quality level is specified

* BENEFITS / PROPERTIES

- Engine cleanliness.
- Protection against wear and corrosion.
- Low oil consumption.
- Helps reduce operating costs in mixed fleets.

* APPLICATIONS

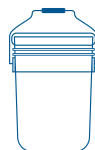

Super DRIVE® series oils are recommended for the lubrication of commercial vehicles and agricultural machinery, as well as diesel engines in commercial vehicles and contractor equipment where an API CF-4 quality level is required.
